

Ready to get your rebate?

Follow these 3 simple steps.

Step #1: Confirm the details

- » You are a Cloverland Electric Cooperative residential electric member.
- » Items were installed or purchased between January 1, 2025 and December 31, 2025.
- » Review individual measures for eligibility requirements.

Step #2: Attach a copy of your receipts and invoices

- » Provide a copy of a recent utility bill.
- » Please provide copies of all receipts and/or invoices from product purchases and installations.
- » Your receipt or invoice must clearly indicate the equipment type, make/manufacture, model, price, and date of purchase or installation. Packing list or recall invoices are not acceptable forms for proof of purchase.
- » For equipment requiring licensed contractor installation, include an invoice from the installing contractor detailing equipment installed and marked paid in full.

Step #3: Get your rebate

- » Completed documentation must be received within 60 days of installation.
- » Rebate payment is limited to 100% of project cost.
- » For the full program Terms and Conditions, please refer to page 8 of the application.

2025 Efficient Homes Program

Terms & Conditions

APPLICATION: This application and any required additional documentation, including the invoice, must be filled out completely, truthfully, and accurately. Members are advised to retain a copy of this application and any accompanying documentation submitted to Cloverland Electric Cooperative under this program. Cloverland Electric Cooperative and its contractors will not be responsible for lost documentation pertaining to this application request. Details of this program, including rebate levels, are subject to change or cancellation without prior notice. This application with required documentation must be received within 60 days of installation or by December 31, 2025, whichever is earlier. Please visit Cloverland.com/eo for the most up-to-date details.

LIMITED FUNDS: Funds for rebates are limited and available on a first-come, first-served basis. Rebate amounts are valid through December 31, 2025, unless revised. Cloverland Electric Cooperative reserves the right to not pay this rebate if funds are not available at the time of application approval, or if the form is not filled out completely and accurately, including all required additional information, and submitted within the required time allowed. Rebate amount may not exceed purchase price.

ELIGIBILITY: This offer is valid for Cloverland Electric Cooperative residential members applying through the Energy Optimization residential rebate program only. Members applying for a rebate must receive electricity distribution service from Cloverland Electric Cooperative. This offer is not valid for commercial properties. Equipment must be installed in the Cloverland Electric Cooperative service territory in Michigan only. Eligible equipment can be found on Pages 3–7 of this application. Equipment must be new (not used) to be eligible for rebates, except where noted. Limit one rebate per eligible measure/unit or as noted in each measure section. Rebate cannot exceed purchase price.

APPROVAL, VERIFICATION, AND INSPECTION: Prior to any payment of rebates, Cloverland Electric Cooperative reserves the right to verify sales transactions. Members and/or their contractor will verify that the installed energy saving measures meet all applicable building codes, zoning laws, local, state, and federal requirements, and other relevant requirements. The member/contractor is responsible for any applicable permits as required by aforementioned code/law. Outdoor temperatures may affect this verification process. The member's home may also be selected for a quality control post-installation inspection by Cloverland Electric Cooperative. No warranty is implied by this inspection.

PROOF OF PURCHASE: An invoice or receipt itemizing the purchased equipment must accompany each rebate application form. The receipt must indicate the equipment type, make, model, price, serial numbers, and the date of purchase. For measures requiring licensed contractor installation an invoice from the installing contractor detailing equipment installed must accompany each application.

PAYMENT: If project cost is less than standard rebate amount, rebate payment will be pro-rated to be paid in the amount of 100% of the cost. Once completed paperwork is submitted, rebate payments are usually mailed within six to eight weeks. Rebate payments are made by check. Payment processing may take longer if information is missing on the application. The member may authorize payment of the rebate directly to the contractor, if applicable. In this scenario, the credit MUST be clearly labeled as the Energy Optimization program rebate and be deducted from the amount due on the invoice.

TAX LIABILITY: Cloverland Electric Cooperative will not be responsible for any tax liability that may be imposed on the member as a result of the payment of rebates. Please contact your tax advisor for more information.

NO ENDORSEMENT: Cloverland Electric Cooperative does not endorse any particular manufacturer, product, system design, claim, or contractor in promoting this program.

INFORMATION RELEASE: The member agrees that Cloverland Electric Cooperative may include their name, address, account number, services, and resulting energy savings ("Information") in a database hosted by a contractor of Cloverland Electric Cooperative, and such Information may be included in reports or other documentation submitted to Cloverland Electric Cooperative, and/or the Michigan Public Service Commission ("Reports"). Cloverland Electric Cooperative will treat such Information as confidential and the Information in the Reports shall only be in the aggregate.

RELEASE/INDEMNIFICATION: Payment of rebates under the Energy Optimization Program and/or evaluation of applications for rebates shall not deem Cloverland Electric Cooperative or any of its affiliates, employees, or agents ("Electric Cooperative Parties") to be responsible for any work completed in connection herewith. The applicant fully releases the Electric Cooperative Parties from any and all claims it may have against the Electric Cooperative Parties in connection with this application, the rebates, or the work performed in connection with them. In addition, the applicant agrees to defend, indemnify, and hold the Electric Cooperative Parties harmless from and against any and all claims, losses, demands, or lawsuits by any third parties arising in connection with this application, the payment or non-payment of rebates, or any work performed in connection with them.

DISCLAIMER: NEITHER CLOVERLAND ELECTRIC COOPERATIVE NOR ANY OF ITS AFFILIATES GUARANTEES THE ENERGY SAVINGS OR MAKES ANY WARRANTIES ASSOCIATED WITH THE MEASURES ELIGIBLE FOR REBATES UNDER THIS PROGRAM. CLOVERLAND ELECTRIC COOPERATIVE HAS NO OBLIGATIONS REGARDING, AND DOES NOT ENDORSE OR GUARANTEE ANY CLAIMS, PROMISES, WORK, OR EQUIPMENT MADE, PERFORMED, OR FURNISHED BY ANY CONTRACTOR OR EQUIPMENT VENDOR THAT SELLS OR INSTALLS ANY ENERGY EFFICIENCY MEASURES. CLOVERLAND ELECTRIC COOPERATIVE MAKES NO WARRANTIES OR REPRESENTATIONS OF ANY KIND, WHETHER STATUTORY, EXPRESS, OR IMPLIED, INCLUDING WITHOUT LIMITATIONS, WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE REGARDING THE CENTRAL AIR CONDITIONING OR FURNACE EQUIPMENT PROVIDED BY A MANUFACTURER OR VENDOR. CONTACT YOUR CONTRACTOR FOR DETAILS REGARDING EQUIPMENT PERFORMANCE AND WARRANTIES. CLOVERLAND ELECTRIC COOPERATIVE HAS NO OBLIGATION TO MAKE ANY REBATE DESCRIBED HEREIN UNLESS CERTAIN MINIMUM REQUIREMENTS OF THE PROGRAM HAVE BEEN MET AND FUNDS ALLOCATED FOR SUCH REBATES ARE AVAILABLE FOR DISTRIBUTION.

PROPERTY RIGHTS: The member represents that they have the right to complete and/or install the energy-saving measures on the property on which those measures are completed and/or installed, and that any necessary landlord's consent has been obtained.

MEMBER'S CERTIFICATION: The member certifies that they have purchased and installed the equipment listed in this application at the defined location. The member agrees that all information is true.

ANNUAL MEMBER REBATE CAP: Rebates are available on a first-come, first-served basis; apply early. Rebate budgets are limited, therefore the total annual rebate amount may be limited to \$50,000 per member. If a larger rebate amount is needed to enable your project to move forward, please call to request pre-approval prior to beginning your project.
